We are Britain! by Benjamin Zephaniah

Review by: Caroline Featherstone

Review

My book [selection] aimed at Key stage 2 is called We are Britain! It is a collection of poems by Benjamin Zephaniah, whilst it is a collection of poems it combines children from different cultures and races and it tells you a little about them, what they like to do and a little family background e.g. the first poem is called the economy flyer and is about skateboarding and then on the opposite page Sam from Norwich likes skateboarding and it tells you why, then tells you his mum is French and his dad is from the Solomon Islands
